

Appendix L

October 12, 2006

Dear Work Group Participant:

Once again thank you for participating in the Local Work Group meeting. You are invited to participate in the next step of the process for developing a countywide Land and Water Resource Management Plan. Your attendance at this meeting is critical because you and/or your agency may be directly involved in implementing the plan.

The Focus Group meeting will be held October 24, 2006 from 1:00 p.m. to 4:30 p.m. in the Wood County Courthouse auditorium. This meeting will result in the development of goals, objectives, and actions for the prioritized resource concerns identified at the Work Group Meeting. Again, for your information, the top prioritized resource concerns are: land spreading, monitoring of surface water, declining grassland habitat, loss of wetlands, loss of agricultural land, and soil erosion.

If you have any questions about participating in the Focus Group meeting, or just a question about the Land Water Resource Management Plan, please give me a call at 715-421-8475 and I hope to see you on the 24th.

Sincerely,

Jerry Storke
Wood County Conservationist
