34300	Fund Balance	\$120,105	

WHEREAS, the Radio Engineer budget did not expend all monies for the replacement microwave links in 2019 as the vendor experienced unexpected delays in obtaining and licensing necessary Radio Frequency spectrum,

WHEREAS, the vendor could then not fit the completion of the Wood County project into their schedule in 2019 due to these delays,

WHEREAS, the majority of necessary equipment for this project was purchased and received in 2019 and the vendor will schedule the install of equipment as soon as possible in 2020,

THEREFORE BE IT RESOLVED, to amend the Radio Engineer budget in 2020 (52130) by adding the unspent monies from the 2019 budget which have been placed in the Fund Balance account (34300)

BE IT FURTHER RESOLVED, that pursuant to Wis. Stats 65.90(5) the County Clerk is directed to publish a Class 1 notice of this budget change within 10 days.

12-29,31; GR5459 Dog Bite to a child from their family dog @ 110 block of 48th Street South WR. Victim was bit in the finger when he was trying to break up a fight between the Pit Bull and a Boston Terrier, the Pit ended up killing the smaller dog. I needed to find a place to quarantine this dog due to our Humane Society being temporally closed; and also due to the 2 veterinarian's offices in Wood Co. that had also quarantined for us in the past are no longer doing so. The dog ended up being sent outside Wood County for quarantine. 14,0

12-29: Reports

12-29 ,30,1-1; NPD3429 Two dog were removed from the 911 West 3rd Street, Nekoosa. Two small dogs were locked in a small travel kennel with no food nor water and a strong smell of urine existed with the apartment was filthy. One dog was eventually turned over to a relative in Adams County after care of custody was paid. Open Case. 18,18.22

12-30 GR5472 FedEx delivery person was bit @ the 3200 block of Reber Drive Grand Rapids. He got out of the truck and pet the lab dog, re-entered his truck and upon getting out the 2nd time with the package the dog bit him on his left arm. 14

12-30; WR27401 Follow up regarding a child that was bit by the family cat @ 2000 block of Cherry Court on December 27th. 14

- a. Veterinary Forensics - ASPCA
- b. Field Sheltering & Temporary Shelters – ASPCA
- c. Emergency Shelter Medicine

1-5 WC272 A neighbors dog attacked victim dog @ 400 block of East River Rd, Rudolph. This attack was not reported by the owner until ten days after it happening. 32

1-5,6; WR304 Family dog bit the one year old child on her cheek @ 1030 block of 18th Ave. S. WR. The dog is quarantined and the owner will be putting this 13 year old dog down after quarantine. 18,18

1-8,9,10 WR468 A Pit Bull got loose, went under the neighbors fence and attacked a Great Dane causing serious injuries. I wrote up an Order of Abatement for the dog which has had a history according to records. Meanwhile the City of Wis Rapids acted on their own ordinances and found the dog in violation and was deemed dangerous. The dog was removed from the property and the owner may request a trial. I also worked with the City Attorney regarding coming up with an Impoundment form for use by their local municipality when they remove animals. I gave her a copy of the form I use and she can adjust it as needed. 14,14.0

COPS

The COPS Office is pleased to announce that the following two grant funding opportunities are now open and accepting applications:

COPS Hiring Program (CHP)

The 2020 COPS Hiring Program is a competitive grant program designed to advance public safety through community policing by addressing the full-time sworn officer needs of state, local, and tribal law enforcement agencies nationwide. CHP provides funds directly to law enforcement agencies to hire new or rehire existing career law enforcement officers and to increase their community policing capacity and crime prevention efforts. All local, state, and tribal law enforcement agencies that have primary law enforcement authority are eligible to apply.

Applications are due by March 11, 2020 at 7:59 PM EDT.

Please click [here](#) for more information on the 2020 COPS Hiring Program.

Community Policing Development (CPD) Microgrants Program

The 2020 Community Policing Development Microgrants Program is a competitive grant program designed to advance the practice of community policing by providing funding to local, state, and tribal law enforcement agencies. Applicants are invited to propose demonstration or pilot projects to be implemented in their agency that offer creative ideas to advance crime fighting, community engagement, problem solving, or organizational changes to support community policing in one of the following ten areas:

1. Hate Crimes
2. Human Trafficking
3. Meeting Rural Law Enforcement Challenges
4. Officer Safety and Wellness
5. Recruitment, Hiring, and Retention
6. School Safety
7. Staffing and Allocation Studies
8. Victim-Centered Approaches
9. Violent Crime

10. Youth Engagement

Applications are due by March 11, 2020 at 7:59 PM EDT.

Sheriff Shawn Becker
Wood County Sheriff's Department
400 Market Street
Wisconsin Rapids, WI 54495

Sheriff Becker,

Thank you for speaking with me about your needs and concerns related to inmate medical coverage at your facility. I truly appreciate you taking the time to speak with me again about your goals for your facility and advising me on how SHP can enhance and improve the care for your patients. Our recommendations and offer will reflect establishing a program to meet your immediate needs, and we will work closely with your leadership team to evaluate and create options based on changing patient needs.

SHP has been partnering with jails and prison systems since 1994 – specifically in Wisconsin since 2011. Our principal owners gained experience as senior managers at a similar correctional medical provider for several years before starting SHP. Our business is jail health care services, and we're devoted to it. We understand managing medical care for inmates is never easy. That's why we believe our experience with running medical facilities in more than 250 county detention and correctional facilities in fourteen (14) different states will bring a peace of mind to the County that few competitors can offer. Our fixed budget puts certain costs on SHP, not the county, such as salary, benefits, legal costs, etc.

Should you choose to partner with us, client services will be a daily responsibility from the beginning of our partnership. SHP believes that having easily accessible client service representatives with extensive experience in law enforcement and corrections brings a truly valuable and unique quality to our customer relationships. I will be your designated Regional Sales Manager with SHP, and I will bring with me my more than 25 years of law enforcement and jail administration experience. Ms. Tammy Hernley, our Vice President of Operations, who is also a Certified Correctional Health Professional (CCHP) through the National Commission on Correctional Health Care (NCCHC), will be designated as the Operations Leader for our medical program. Tammy and her team will ensure all components of our program are being met and will set the standard for a quality health care program.

Based on our conversations, we've designed a staffing plan that we believe will best serve the patients of Wood County. This staffing plan is based on our many years of experience working in similar sized facilities in partnership with the US Marshals, the Department of Justice, and the U.S. Immigrations and Customs Enforcement. The model we are offering will provide comprehensive services for Wood County, such as Clinical and Specialty Provider(s), In-Service Training, Infection Control, and Utilization Management. We value building a true partnership with Wood County and therefore are flexible with future needs based on patient acuity and the county's inmate population growth. Our company hopes to continue to grow in your area of the state and I feel like your facility could be a great example of our professional partnership.

SHP stands ready to meet with you to clarify our program, along with the cost of our services, as indicated in our proposal materials. We understand the County may want more flexibility in its program components to help solidify its goal of building a quality program for all involved. SHP has prided itself in being a true partner to our clients, and we understand changes may be warranted as you move through this process.

I appreciate your consideration of this proposal. We can discuss these offerings or any other suggestions. I will be available for questions and follow up discussions as needed, so please do not hesitate to reach out. You can reach me by phone at (864) 872-0659 or by email at chris.hudson@shpjails.com. You may also reach

our Senior Vice President of Client Services, Wes Williamson, by phone (256) 490-4517 at or by email at wes.williamson@southernhealthpartners.com to discuss this proposal in more detail.

Sincerely,

Chris Hudson

Introduction to Southern Health Partners, Inc.

Southern Health Partners, Inc. (SHP) is a Tennessee-based business with over 25 years of experience in providing health care services to inmates in jails. Our management team has extensive experience in law enforcement, jail operations, and county governments. The combination of these key leaders allows us to be a better resource to our clients in all parts of jail management.

SHP proudly employs 1,000+ personnel across our more than 250 locations. With over 25 years of experience as a company working with correctional institutions, we have a proven commitment to flexibility in working with our Sheriff partners and his/her administration. Our leadership team, many of whom are based out of our corporate office in Chattanooga, TN, has more than 100+ years of combined experience working in corrections. We continue to focus our efforts on providing the best health care services to our clients by continually evolving to meet the ever-changing needs of the healthcare community. SHP will be proud to partner with the Wood County in providing a quality health care program tailored to the needs of the inmate population.

SHP'S NATIONAL PRESENCE

Services Offered

This proposal is based on our experience in like-sized jail facilities and based upon discussions you've had with our Regional Sales Manager, Chris Hudson, and his understanding of your healthcare needs. We want to build a program which best meets the requirements of Wood County and the inmates, and therefore we are open to further discussion as to service options and coverage schedules.

Nursing Staff:	A nurse (LPN – MTA) will work in the Jail for <u>8 hours per day, 5 days per week</u> . A second, part-time nurse (LPN) will work on site for <u>20 hours weekly</u> .
Medical Team Administrator:	The Medical Team Administrator (LPN) will be our on-site manager and we will utilize his/her background in medical administration and experience to serve as the primary liaison between SHP and the Jail's administrative staff. This position will work on-site excluding SHP-designated holidays, weekends, and reasonable time off for illness and vacation.
Medical Director:	A provider (MD, NP, PA) would visit the Jail for <u>two (2) hours every week</u> to see any inmate as referred by the nurse. This Medical Director will be on-call to the nurses at all times.
Pharmaceuticals:	We have partnered with several pharmaceutical providers to ensure that all pharmaceutical needs are met at the best value possible. Additionally, SHP staff will prepare all medications and perform one medication pass. County officers will be responsible for the second medication pass.
Physical Appraisal, TB Testing, Sick Call:	Medical staff would perform inmate physical appraisals and TB testing, manage chronic care and hold regular sick-call sessions.
Behavioral Health:	Our program and pricing allow us to manage most non-emergent mental health complaints, such as initial health screenings, referrals to outside psychiatric services, and continuation of current prescription medications, inside the Jail.
Bill Scrub/Claims Adjudication:	It can be a momentous task to seek and apply discounts to the vast number of claims received by the County for outside health care services. Not only can it be time-consuming administratively and confusing, but it can also result in lost discounts if appropriate procedures are not applied. SHP has an accounting team well experienced in the complicated practice of processing inmate medical claims and thoroughly reviews codes for proper billing and will work with the existing system to ensure the application of any mandated state and/or facility negotiated discounts. As part of our administrative services to the County, SHP will review all bills for outside services, and then prepare a statement for the County of all approved payments based on the inmate's actual status within the facility, avoiding the potential over-payment or payment for unnecessary services.
Medical Records:	SHP will act as the records custodian from the start of a contract with Wood County.
Liability Risk:	SHP provides medical professional liability insurance coverage of at least \$1 million per claim, \$5 million annual aggregate covering all our services performed under the resulting contract arrangement, including the physician's services if he/she requests coverage through SHP. Also, we name Wood County as additionally insured, and will indemnify and hold harmless Wood County for liabilities concerning our medical care responsibilities.
No-Fault Termination:	SHP will set a 60 day "no-fault" contract termination clause that can be exercised by either party at any time.
Inmate Average Daily Population (ADP)	This proposal is based on an ADP of 80 inmates. If for any month the ADP exceeds the population limit of 80, the County will pay a per diem (per inmate per day) amount as noted in the pricing section. This additional charge addresses fluctuation above the anticipated maximum for which our supply budgets are based. Longer term population changed beyond the 80 should lead to renegotiation of contract terms.
Payment Terms	Payment by the County will be made in twelve (12) equal monthly installments as indicated above. SHP will send an invoice to The County approximately thirty (30) days prior to the month in which services are to be provided. The County agrees to pay SHP by the tenth (10th) day of the month in which services are rendered.

Optional Value-Added Services

In addition to the above-mentioned services, SHP has provided the following list of Optional Value-Added Services. These services are used to bolster our on-site program and often times help to reduce the out of pocket cost to the County. All Optional Value-Added Service price are in addition to the Annualized Base Price and any other selected Optional Value-Added Services.

Cost Pool Accounting:	<p>SHP has included an optional \$30,000 Cost Pool to cover the cost of renal dialysis, on-site labs, on/off site dental services, on/off-site x-ray services, all prescription medications, Faspsych service fee (if selected), and all medical/mental health services that cannot be performed on-site.</p> <p>Should the County not deplete the total budgeted cost pool amount of \$30,000, SHP agrees to refund the County 100% of any unused monies (up to \$30,000). If the total budgeted amount of \$30,000 is reached in any year (12 months), the County will be responsible for covering 100% of the excess costs through a reimbursement procedure to SHP. Should the County elect to include this with the program, the price would be \$30,000 per year (\$2,500 per month) in addition to any other selected optional value-added services.</p>
Qualified Mental Health Professional (QMHP):	<p>While our program does allow us to handle very basic behavioral health issues that arise, to further augment our program, we are proposing the addition of a QMHP to visit the facility for <u>40 hours each week</u>. This provider will work with our onsite jail staff to ensure that continuity of care is continued and will provide services onsite such as crisis intervention, suicide watch, observation/monitoring, mental evaluations, etc. Should the County elect to include this with the program, the price would be \$99,510 per year (\$8,292.50 per month) in addition to any other selected optional value-added services.</p>
TelePsych:	<p>SHP understands the importance of timeliness when it comes to certain medical conditions found within the facility. To utilize the latest technology and provide the County with the most efficient healthcare services possible, SHP has provided a Telepsych service option. We will utilize the program provided by FasPsych to connect inmates with a Mental Health Provider on an as needed basis. This time will be used for crisis psychiatric evaluation, medication management, and psychiatric consultations. Should the County elect to include this with their program, the cost would be billed at a rate of <u>\$150 per incident/call</u> in addition to any other selected optional value-added services. This charge can be taken from the County's Cost Pool (if selected).</p>

PRICING SUMMARY

Price Summary - Wood County, WI	
Pricing Conditions	
Per Diem Charge	\$1.25
ADP	80
Staffing: 8 hours, 7 days per week	
Base Compensation	\$173,880
Monthly Installment	\$14,490
Value Added Services	
Cost Pool Limitation	\$30,000 annually
Qualified Mental Health Provider (40 hrs/week)	\$99,510 (\$8,292.50 per month)
Faspsych 24/7 access call	\$150 per call

After careful review of Wood County's request, we have proposed the following annualized base prices for your consideration. Our annualized base price to furnish nurses on-site 8 hours a day, 7 days per week for an ADP of 80 is \$173,880 annually (\$14,490 per month) for the first year.

Other Working Terms

- A formal sick call request form is required from each inmate unless it is an emergency.
- We allow a 24-hour window to see inmates with non-urgent complaints, 72 hours if over a weekend or SHP-designated Holiday where there is no SHP medical staff on-site. Officers should utilize local EMS for emergent needs in absence of the nurse.
- SHP will act as the records custodian from the start of a contract with Wood County.
- Officers must be present when an inmate is with the nurse, and close security is required for any nurse in the housing areas. We must allow the nurse to determine if an area is secure.
- We will administer special diets for a valid medical need, or if ordered by our physician. We require authorization and cooperation from staff to order these when necessary.
- A co-pay system for nurse visits must be in place, or there must be a willingness to implement an inmate co-pay system within 30 days of start-up. SHP is involved in this for record-keeping purposes only.
- We take no responsibility for the routine healthcare of officers. We only treat officers in emergency situations until an ambulance arrives.
- We will offer to administer TB screening and other vaccines to officers of the Jail if the serum is supplied by Wood County. We do not keep records but will complete any forms as required for Wood County.
- For certain inmate medical situations which arise, and under the agreement by the Sheriff and SHP, the cost of additional nurse staffing hours on shifts not normally covered by SHP can be billed as an extra expense to Wood County.
- Decisions involving the exercise of medical and/or dental judgment will be the responsibility of SHP. However, we encourage all of the Sheriff's staff to act on the side of caution in an emergency. SHP staff does not have to be consulted before calling for an ambulance or sending an inmate to the hospital for emergency services.
- We offer training for officers on various medical-based topics. All training must be requested by Wood County with 30 days' advance notice to SHP. CPR training may be conducted when trainers are available and at an additional cost to Wood County.
- Any training provided will not be considered a substitution for any required training the Facility or its agents are obligated under any law, statute, or standard to provide for its own staff. Any training provided may be, but shall not be required to be, approved for annual officer in-service hours. SHP training is to be for supplemental purposes only.
- There will be no coverage on SHP-designated holidays.
- We will need a high-speed internet connection and phone line to be provided by Wood County.

K9 Ace	9	4	0

TRAINING (MONTHLY) – Both K9 Toro and K9 Ace (J Pidgeon and B Christianson) had 8 hours of training on 1/14/2020 in Wood County. Also present were K9 teams from WRPD and NKPD. Areas covered were narcotics detection, apprehensions, handler protection, and simulated traffic stops. No areas of concern were observed.

TRAINING (INDIVIDUAL) – Deputy B Christianson and K9 Ace worked on high risk traffic stops and narcotics detection on several days through out the month while on duty. There were no issues observed.

USEAGE – K9 Toro was deployed one time in January for a school search at River Cities High School (inside and parking lot). No indications were observed.

K9 Ace was deployed 4 times in January. Once for a school search at River Cities High School (inside and parking lot). No indications observed. K9 Ace was also used on 2 vehicle searches. both vehicles had indications and paraphernalia was located in one while prior drug use was confirmed in the other. K9 Ace was used for a residence search after a tenant moved out and a small amount of marijuana was located.

DEMO/COMMUNITY – None

ADDITIONAL INFORMATION – We continue to move closer to K9 Toro's retirement. Several members of the K9 Program went to Jessiffany Canine Services LLC and did pick out the next K9 partner for Deputy Pidgeon. Training will start in March.

Respectfully,

INTENT & SYNOPSIS: To recommend the Department of Transportation lower the speed limit on STH 54 in the area of the intersection of 80th Street, Town of Grand Rapids, Wood County. SMB

FISCAL NOTE: None

WHEREAS, the County of Wood is responsible for the health, safety and welfare of its citizens and those who travel in and around Wood County, and

WHEREAS, the speed limits assigned to the roads in and around Wood County contribute to the said health, safety and welfare of its citizens and visitors, and

WHEREAS, it is good engineering to provide uniform, consistent, predictable and safe speed limits, and

WHEREAS, Wood County thinks the 65 mph speed limit on State Highway 54 in the area of the intersection of 80th Street in the Town of Grand Rapids is unsafe due to the number of intersections and private driveways with access to State Highway 54, an ever-developing business park and residential development in this area, a snowmobile crossing, the amount of through traffic, and the number of vehicle crashes and fatalities that have occurred, and

WHEREAS, Wood County thinks that the speed limit for this section of the Highway should be 50 mph, and

WHEREAS, the statutory authority for establishment of regulatory speed limits is provided in Sections 346.57 and 349.11, Wisconsin Statutes and grants the Department of Transportation approval authority, and

NOW, THEREFORE, THE WOOD COUNTY BOARD OF SUPERVISORS HEREBY RESOLVES, that Wood County recommends and formally requests that the Wisconsin Department of Transportation consider reducing the speed limit on State Highway 54 in the Township of Grand Rapids, Wood County, specifically in the area from 80th Street to 64th Street. Currently, the speed limit is 65 MPH, Wood County requests it be reduced to 50 MPH for public safety reasons.

Tony Kemnitz
Traffic Safety Engineer
WI Department of Transportation
North Central Region
510 Hanson Lake Road
Rhinelander, WI. 54501

Dear Mr. Kemnitz,

This letter is being submitted to you requesting the speed limit on State Highway 54 near the intersection of 80th Street, Town of Grand Rapids, Wood County, be reduced to 50 MPH. I strongly feel this a safety issue for motorists traveling in the area.

The Department of Transportation should strongly consider this request for many safety reasons. There are residential and business driveways in this area. One particular business, Donahue Super Sports brings traffic in and out of the business seven days a week. Not only customers frequent the business, but many deliveries of products and parts come in and out as well. Recently there was a traffic fatality in front of Donahue Super Sports when a customer left the business and was struck from an approaching west bound vehicle.

It is also important to note the growth in the area will continue to bring more traffic to the area. There is a business park just to the east of Donahue Super Sports, and the Bridgewater Residential Development nearby. More than a hundred residential lots are currently being developed.

In addition, the snowmobile trail crosses STH 54 in the speed zone as well.

Please consider reducing the speed limit from 65 MPH to 50 MPH in this area. I strongly recommend it, and feel it will make the area much safer for motorists traveling in the area.

The Sheriff's Department will continue to work with the Grand Rapids Police Department to provide speed enforcement especially during high traffic volume hours of the day.

Sincerely,

Shawn Becker
Wood County Sheriff

Security Services January 2020 Report

For the month of January, 2020, the total number of prohibited items stopped from entering the Courthouse are:

Guns -	2
Knives -	189
O.C. -	6
Misc. Items -	11

Some of the miscellaneous items were ammunition, a flask with alcohol, misc. tools and scissors. Both instances with the guns were individuals that had handguns and both of them did have their concealed carry permit. Both were instructed on the rules of Concealed Carry and were told to take their guns back out to their vehicle.

Security Services had 68 security requests from different departments within the Courthouse. This number is right in line with December's requests.

Security Services screened 10,095 people entering the courthouse for the month of January. This is about 2,500 more than in December. Attached to this report is a break down, by week, of items Security Services have located for the month.

Security Services had to go hands on with an individual that was trying to flee the courtroom after being court ordered to be taken into custody. Deputy McCormick had to restrain the individual for several minutes by herself until back up could arrive to assist. When this incident occurred I was the only other Security Services Personnel working at the time. I was stationed at the front entrance and could not leave so Deputies from the road had to be called upstairs to assist Deputy McCormick.

In January, Deputy Bannerman located a wallet in the hallway of the building and was able to locate and return the wallet to the owner with nothing missing out of the wallet.

Part time employees have been utilized to assist with open shifts for the month. We again had ten shifts available for part time sign ups. All ten shifts were filled.
