Find your roots. Buy a potted tomato, or pepper. Plant an Apple, Plumb, Pear or other fruit or nut bearing tree. If you have space, plant a small garden. Get a hen chicken or two, they actually lay eggs, tell others. Show off your success, we want to know. Even if your plants die, you can still smile with some pioneer spirit and plant again. Build it and it will grow, but most of all have fun, keep it simple and see how local you can go.</p>
