

**WOOD COUNTY  
HIGHWAY INFRASTRUCTURE & RECREATION COMMITTEE  
AGENDA**

**DATE:** Thursday, November 7, 2019  
**TIME:** 8:00 a.m.  
**PLACE:** Wood County River Block  
Auditorium  
111 W. Jackson St.  
WI Rapids, WI 54495

1. Call meeting to order.
2. Declaration of Quorum.
3. Public comments.
4. Correspondence
5. **CONSENT AGENDA**
  - a. Approve minutes from previous committee meetings
  - b. Department Staff Reports
  - c. Department Vouchers
  - d. Department Revenue Reports
6. Review items, if any, pulled from consent agenda
7. ATV Update
8. **HIGHWAY**
  - a. Resolution for Highway Access Control Ordinance (replaces Existing Ordinance #401)
  - b. CTH U projects:
    - a. STH 54 – S Biron Drive
    - b. Bridgewater/Classic Development
  - c. Sale of unused/low use county highway property
  - d. Tandem Axle Quotes
  - e. Commissioner Evaluation & Re-election
  - f. WCHA Appointment for Commissioner
9. **PARKS AND FORESTRY**
  - a. Parks Revenue Report
  - b. Forestry Revenue Report
  - c. 2020 Rental Information - New White Sands Beach Shelter(s)
10. Future Agenda Items
11. Set next regular meeting date: December 5, 2019, Wood County Highway Department,  
555 17<sup>th</sup> Ave N., Wisconsin Rapids, WI 54495
12. Adjournment.

**MINUTES OF THE  
HIGHWAY, INFRASTRUCTURE & RECREATION COMMITTEE**

**DAY & DATE:** Wednesday, October 2, 2019  
**PLACE:** Wood County Highway Department, 555 17<sup>th</sup> Ave N,  
Wisconsin Rapids, WI 54495  
**MEETING TIME:** 8:01 A.M.  
**ADJOURNMENT TIME:** 10:02 A.M.  
**MEMBERS PRESENT:** Chairman Adam Fischer, Supervisor William Winch,  
Supervisor Marion Hokamp, Supervisor Lance Pliml,  
Supervisor Dennis Polach  
**EXCUSED:** Not applicable.  
**OTHERS PRESENT:** Supervisor Bill Clendenning; Commissioner Roland Hawk,  
Highway; Caitlin Carmody, Highway Accounting  
Technician; Director Chad Schooley, Parks and Forestry;  
Forest Administrator Fritz Schubert, Parks and Forestry;  
Pete Winistorfer, Town of Rock; Dan Schmitt, MSA  
Professionals; Fred Lochner, MSA Professionals

1. Call meeting to order. Meeting called to order by Supervisor Fischer at 8:01 am.
2. Fischer declared a quorum.
3. Public comments. None.
4. Correspondence.

R. Hawk stated that the email that came out from Trent Miner regarding agenda changes was in part due to him trying to add the Low Boy Trailer Purchase item to the agenda on Thursday morning. He did not realize that the Committee Chair could only make changes at that point.

Hawk also stated that they hired MSA Professionals to help with the site plan for the Marshfield salt shed. There are some wetlands on the site and the DNR will need to do a site review. The application costs \$500 and he wondered if he needed committee approval. Fischer stated that since approval was given to go forth with the process that he did not think further approval from the committee was necessary.

**5. CONSENT AGENDA**

- a. Approve minutes from previous committee meetings

A correction needs to be made to the September 5, 2019 minutes to reflect that Supervisor Al Breu attended but did not sign the sign in sheet.

- b. Department Staff Reports
- c. Department Vouchers
- d. Department Revenue Reports

Winch requested to remove pages 4, 7, 12, and 23 for discussion.

**Motion to approve the consent agenda with the correction to the September 5, 2019 minutes and the removal of said pages by Winch by L. Pliml and seconded by M. Hokamp. All in favor. Motion carried.**

6. Review items, if any, pulled from consent agenda

Page 4 – Winch inquired if Bill Clendenning did take back the Township letter discussed under item “a.” to the Towns Association as indicated, and if so, what came of it. Clendenning said he did take it back to the Towns Association and they are consulting on it still. Fischer stated he did get a call from a Town of Richfield supervisor to add it to the November HIRC agenda.

Winch also asked if the Parks Department also got the vehicle in that was addressed under item “c. Fleet Vehicle Replacement” as indicated in the minutes on page 4. Schooley stated yes, the vehicle came in and a check was cut for \$27,717.50 for that.

Page 7 – Winch asked if the Highway Department did spend down their machinery fund as indicated in paragraph one on that page. Hawk stated the budget was resolved with Finance department.

Page 12 – Winch inquired about CTH U projects listed under “Highway Projects”. Hawk stated he had an agenda item in this meeting to discuss those.

Page 23 – Winch pointed out the Menards charge and reminded Schooley that Menards is not in Wood County. He also stated that the South Park electric bill seemed high. Schooley stated he would look at it in comparison to previous years.

**Motion to approve the items pulled from the consent agenda made by L. Pliml and seconded by M. Hokamp. All in favor. Motion carried.**

*At this time and at the consent of the committee, Fischer moved to item 9.c. “MSA Presentation for Powers Bluff” and returned to the agenda following. Minutes for that section can be found in order.*

## 7. ATV Update

### a. Town of Remington Communication Regarding Bridge Crossing and Resolution

Hawk stated that for the Yellow River Bridge crossing in STH 80, the Town of Remington had to include it in their ordinance and then forward it to the State. He believed they had their meeting the night prior and so he is confident that that portion will be open by the end of the month.

In addition, Hawk mentioned that there was a fatality on Swiggum Ln in the Town of Seneca. Speed and alcohol were involved.

### b. Additional Requested ATV County Highway Routes

Hawk stated there were three more route sections requested. They are listed as follows:

- CTH DD in the Town of Rudolph between STH 34 and CTH O.
- CTH Z in the Town of Saratoga between Heminger Court and Patton Dr (1/4 mile)
- CTH V in the Town of Rock between Patton Dr to CTH N in Lindsey (1 mile)

He stated he has concerns about the one on CTH Z but that it would be a good test section because it is only a ¼-mile long. There is a wide shoulder on that portion.

**Motion to approve the three requested route sections made by L. Pliml and seconded by W. Winch. All in favor. Motion carried.**

Hawk stated he would like to utilize additional ATV funding that the Parks Department has to sign the additional route sections. Schooley stated he would like to use those funds on the original approved trail sections and that they would discuss the matter further.

Pliml stated he was at the Tourism, Business, and Economic Development meeting at the Nepco Shelter recently. There were many comments made by attendees as to how nice the shelter was. He stated he also received comments thanking the County for filling in the gaps in ATV usage in our area.

Hawk stated the Public Works Director from the City of Nekoosa has noticed some issues in the city cropping up due to the open routes. The City is working to address those issues with increased police presence. He stated that they are also having some issues with small ATVs not being clearly visible on the routes. Hawk stated that in the future, they might want to revise the ordinance to include some additional visibility features.

## **8. HIGHWAY**

### **a. 2020 Construction Project Schedule**

Hawk stated they over budgeted on the schedule but they do not anticipate the entire CTH U bill to come in in 2020. If they actually are running high, they will not do CTH Y project.

### **b. CTH U Project Update**

#### **a. STH 54 – S Biron Drive**

All the right of way is acquired. They need to clear some trees that cannot be removed during the growing season because of the white nose bat syndrome concerns.

#### **b. Bridgewater/Classic Development**

They are in the jurisdictional transfer process for Portage County's portion now. Hawk gave the developers permission to work in the old right of way because the agreement says they will not be maintaining that portion anyway. The Village of Biron did approve the storm water maintenance agreements.

### **c. National Association of County Engineers (NACE) 2020 Annual Meeting**

Hawk requested permission to attend the out-of-state conference in Alabama in April of 2020. He stated he went to the conference when it was held in Wisconsin last year and it was an excellent conference. He believes a handful of commissioners from the area are planning to go and so they would like to work together to keep costs down.

Pliml stated they need the details of the cost, but that he is in favor of Hawk attending. Fischer stated he agreed and that Hawk should put it on the next agenda and bring the costs back.

d. North Central Region Legislative Breakfast – October 18, 2019, Stevens Point

Hawk stated he needed to know who would like to attend the legislative breakfast this year. Fischer stated they would need to approve the per diem for attendees, if the committee decided they wanted it.

**Motion to approve a per diem for committee members wishing to attend the North Central Region Legislative Breakfast on October 8, 2019 in Stevens Point made by L. Pliml and seconded by D. Polach. All in favor. Motion carried.**

e. Temporary Portable Rumble Strips Purchase

Hawk stated the Wisconsin Department of Transportation is now requiring rumble strips to be set up on a project on a State highway that lasts for more than two hours. They would need two arrays of the rumble strips (three each). Hawk believed the estimated price is \$18,000 to \$20,000. The Highway Department has a trailer they will refurbish to haul them. He stated he did not budget for them and the DOT is not providing any funds for them, but the department can charge them back at a very low rate per day.

f. Sale of Low Use Highway Properties

Hawk stated that two of the three parcels that the Department is selling are currently posted on the Wisconsin Online Surplus Auction site. The third is the one that needs the environmental review due to concerns of a previous landfill. The sale ends prior to the October board meeting on October 14. There will need to be a special HIRC meeting to approve or deny the bidders. REI did the soil borings on the third parcel already and the Department should be getting the results back soon.

g. Land Sale Parcels Update

Fischer stated that he had been advised that the buyer interested in purchasing a portion of the Smith Pit property that runs adjacent to their land was no longer interested. He stated that regardless, it is the committee's decision whether or not they want to sell. There would be limited interested parties because it would be a small <10-acre parcel that would be landlocked (although an easement could be provided) and it could not be developed under current ordinance. If the committee did want to go through with selling it, a Certified Survey Map would be required. Pliml stated CSMs usually run between \$1000-\$1500. He stated that the reason for the sale was to alleviate a problem that may have been created by the County's operations at the pit. Pliml asked if the problem still exists. Hawk stated he believes they have eliminated the original issues by lowering the pipe from the pit. Last time they pumped out of the pit, the adjacent landowner did not have any flooding issues.

**Motion to move forward with obtaining a Certified Survey Map for the less than 10 acre parcel of the Smith Pit property in the Town of Rock in preparation for future sale made by L. Pliml and seconded by D. Polach. All in favor. Motion carried.**

h. Low Boy Trailer Purchase

Hawk stated that a few staff members turned in the lowboy trailer to get inspected as they felt it was unsafe. Upon review, Hawk and the Shop Superintendent agreed and

it was pulled from the road. They will, however, need to replace it quickly as that is a piece of equipment that is used frequently. A new one can run between \$100,000-\$150,000. Hawk stated they found a few used ones ranging between \$30,000 and \$40,000. They were both traded in to retailers and have been inspected and certified.

**9. PARKS:**

**a. Parks Revenue Report**

Schooley stated it was a low camping month due to the rain. Pliml asked why there was a decrease in ice, wood, and boat launch fees. Schooley stated that those are all sold on the honor system and it is possible that they are not patrolling those areas enough. Schooley stated actual camping units nights were also down this year. He thought that might be due to the removal of the "fifth night free" policy from last year. He intends to look at those numbers at the end of the season. Pliml stated it would benefit them to know what the actual costs for camping are as well.

**Motion to approve the Parks Revenue Report made by M. Hokamp and seconded by W. Winch. All in favor. Motion carried**

**b. Forestry Revenue Report**

Schubert said the rain is not helping with numbers this year. He also stated going into the winter with this much moisture in the ground would make next year difficult as well.

**Motion to approve the Forestry Revenue Report by L. Pliml and second by D. Polach. All in favor. Motion carried.**

**c. MSA Presentation for Powers Bluff**

Schooley introduced Fred Lochner and Dan Schmitt from MSA Professionals. They handed out a copy of their presentation. Pliml asked if there was a reason the covered shelter is separated from the interior gathering space on the floor plan. Schmitt stated that yes that was intentional, as this way guests going to the park can continue to utilize the trails and outdoor bathrooms without disrupting any event being held indoors. Schmitt also stated that there is outdoor patio space adjacent to the gathering space, but this area is not covered.

Clendenning asked if the facility would be ADA accessible. Schmitt stated yes, by law and by desire.

Winch asked where they could cut down on costs if needed. Schmitt stated in materials and design would be the first places. However, the materials and design chosen were intentional and considered important to keeping the aesthetic of the open design and keeping some of the aesthetic of the current buildings without going full masonry.

Lochner stepped in to discuss the fundraising aspects of the project addressed in the Concept Development phase. He surmised that pretty much everyone he talked to was in support of the project, but that no one truly feels connected to the property yet and therefore is showing hesitancy in claiming ownership over the fundraising. He stated a rebranding of the property and the project would be helpful to garner community support. He suggested setting a target to fundraising, to wrap up the campaign planning and feasibility studies, and to set an aim for the building for 3

years. That will give communities plenty of time to hear about the project and get on board so they know its coming.

Fischer asked what was meant by rebranding. Lochner advised that the retailers he talked to would be interested in donating time or money in exchange for naming rights to parts of the project. Fischer then asked what the feasibility study would look like. Lochner stated that the important part would be to get grassroots support, as many major funders are not interested in donating unless they see community support.

Clendenning asked why the Mead Witter Foundation was not included in the Concept Development studies. Lochner stated the reports included looked at businesses with 50+ employees and businesses and organizations identified as having a retail connection to the resources being planned. The foundation would certainly be included in the fundraising part once there was the community support established.

Fischer asked to have the plan included again on the November agenda.

10. Future Agenda Items.

- Powers Bluff Project (December)
- T/Richfield Road Issues (December)
- Evaluations (maybe during special November meeting)

11. Special HIRC meeting: October 15, 2019 at 6:15 PM at the Courthouse, room to be determined. Regular meeting: November 7<sup>th</sup>, 2019 at River Block Auditorium, 2<sup>nd</sup> Floor

12. Fischer declared the meeting adjourned at 10:02 AM.

Minutes taken by Caitlin Carmody, Highway Accounting Technician

## **HIGHWAY INFRASTRUCTURE & RECREATION COMMITTEE MEETING MINUTES**

**DATE:** Tuesday, October 15, 2019  
**TIME:** 6:15 p.m.  
**PLACE:** Courthouse  
Room 317A  
Wisconsin Rapids, WI

**PRESENT:** Adam Fischer, Bill Winch, Lance Pliml, Marion Hokamp, & Dennis Polach

**OTHERS PRESENT** (for part or all of the meeting): See attached list.

Chair Fischer called the meeting to order at 6:15 p.m. and declared a quorum present.

County Highway Engineer Joel Ortman presented information regarding the listing of low use property owned by the Highway Department. These sites had been put on the Wisconsin Surplus Auction site and the following bids were the highest.

**Parcel #1**

- Parcel ID 0400054, Cary Rock Drive, Town of Cary
- Highest Bid: \$102,500
- Price per acre: \$1,960.97

**Parcel #3**

- Parcel ID 1600671, Cary Rock Drive, Town of Rock
- Highest Bid: \$82,500
- Price per acre: \$2,062.50

Discussion ensued on how this is below the reserve price but is in line with what land is selling for in this area.

**Motion Pliml/Hokamp to accept the highest bids presented on Parcel #1 & Parcel #3. Motion carried unanimously.**

It was noted that Parcel #2 is being tested by an environmental firm as this site was a former dump. The committee will be waiting on selling this parcel until the report is received.

There being no other business, Chair Fischer adjourned the meeting at 6:18 p.m.

Minutes taken by Trent Miner, County Clerk

Highway Infrastructure & Recreation Committee  
October 15, 2019 – 6:15 p.m.

[illegible]

## **Wood County Wildlife Area Advisory Committee**

From meeting on October 14, 2019 at Sandhill

Meeting called to order at 5:30 pm by Dale Weis

Present: Curt Pluke, Dawn Schmutzer, Dennis Polach, Leo Kiedrowski, Dale Weis, Jim Winkler, Mike Wipfli, Ryan Haffele Guests: Rodney Mayer, Adam Groshek, Tim Stainbrook, Rick Reed

Presentation by Adam Groshek and Rod Mayer of the Wood County Land and Water Conservation Department. They covered four main topics: 1. Annual tree sale; 2. Invasive species management; 3. Prairie grass and wildflower habitat seed mixes; and 4. Rental opportunities for a no till drill. This was a good presentation and they provided several handouts. Question and discussion followed presentation.

Stan Plis update by Mike Wipfli; there was not a buffalo feed because of difficulty finding a butcher. There is a plan to butcher in December or January with plans to sell meat to the public. Price would be \$6/ pound for the ground buffalo. Interested people can contact Darrell Kauth at (715) 459-5343 or Mike Wipfli at (715) 572-5808. Also \$2500 was donated for work on the Greenhead Flowage and work is proceeding on the wood duck houses.

Ryan Haffele gave a report on the projects in the Wood County Wildlife Area. The dike work has been completed, with help from 17 wildlife techs from across the state. Thirty-eight (38) miles of dike were repaired and/or updated. The 2019 Wood County allotment was used for Hunter Trail maintenance and much was accomplished. The 2019 rental payment was taken care of. The mowing of Campgrounds is mostly done and campgrounds are up and running. Some trail maintenance is still being done. Beaver are still a big problem causing much damage and limiting what can be done. Discussion followed, the beaver issue is a very complex issue.

If anyone has an idea for next year's Wood County project, please let Ryan or Dale know as soon as possible.

Many townships have opened roads to ATV travel; if you notice any problems please report them quickly.

Sportsmen for Wetlands discussion is on hold until the next meeting.

No members matters at this time.

Next meeting: Tuesday February 4, 2020; 5:30 pm at Sandhill

Motion to Adjourn by Curt Pluke and Seconded by Leo Kiedrowski. Motion Passed.

# Wood County

## WISCONSIN

OFFICE OF  
HIGHWAY COMMISSION

*Roland Hawk*  
COMMISSIONER

November 7, 2019

To: Highway, Infrastructure & Recreation Committee

From: Roland Hawk, Highway Commissioner

Subject: Commissioner Report for November 7, 2019 HIRC meeting

---

### Department Activities

#### Personnel

An offer has been made to a potential mechanic. Received three applications in the past six weeks.

Commissioner is seeking permission to attend the 2020 National Association of County Engineers (NACE) annual meeting out of state. *Agenda item.*

Commissioner evaluation and re-election scheduled for January 2020. *Agenda Item.*

Commissioner to seek leadership role with WCHA. This is an elected position and has a six year commitment. Elected first as Secretary for two years, then move to President for two years, and final two years as Past-President. *Agenda Item.*

Three employees were involved in a work zone accident on October 9. No WC employee was injured and no WC equipment was damaged.

Commissioner, superintendents, and four crew members attended Wisconsin Winter Tech Talks (WisDOT sponsored Statewide winter maintenance event) held October 29 at MSTC.

#### Highway Projects

2019 Construction projects are complete.

CTH U (Bridgewater Development) Wood County portion of JT & discontinuance is completed. Portage County and Town of Plover portion should be completed by December.

CTH U (STH 54 – South Biron Dr) WisDOT has project out for bids. County to perform tree removal during winter.

#### Highway Maintenance

Purchased Temporary Portable Rumble Strips (TPRS) for use in construction work zones.

Completed clean up from July storm. Submitted documents to FEMA for reimbursement.

Shop is prepping patrol trucks for winter maintenance.

Crews are replacing culverts on 2020 construction projects. This allows for settlement to occur over winter and work can be done during dryer conditions versus dealing with spring run off.

#### ATV Plan

Working on signing recent additions to ATV plan.

#### Unused/Low-Use County Highway Property

REI Engineering completed Phase II soil and ground water survey on the remaining parcel, and results did not reveal anything exceeding state soil or groundwater standards. Listed remaining parcel with Wisconsin Surplus. Bid closing prior to December HIRC.

Commissioner initiated the boundary survey of a five acre outlot on the Smith Pit Quarry property in the town of Rock. Survey will be completed and documents submitted to P&Z next month.

#### Highway Access Control Policy

Need Resolution to adopt updated ordinance and replace existing ordinance. *Agenda Item.*

#### On Line Permitting

Department is working with RTVision to implement on-line permitting. Anticipate having segments go live by January 2020.

#### Equipment

Purchased a low boy trailer for \$34,000 to replace the old trailer taken out of service in September.

## **Accounting Supervisor Report**

By John Peckham, Wood County Highway Department Accounting Supervisor

HIRC Meeting

### Revenues

Revenues are as anticipated.

In October, we have received the final GTA 2019 payment in the amount of \$548,606. With county construction projects winding down, State and Local charges are picking up, though revenues in this area are a bit low. The State has been encouraging counties to back off of State work for the time being. We have done a number of Road and Bridge Aid projects that will bump up revenues when the invoices are approved and sent. Bituminous revenues are in good shape.

### Expenses

Expenses are as anticipated.

Bituminous Operations expenses are a bit higher than expected but are offset by the revenues. Expenses to local governments are picking up as we have completed our County projects and moved on to municipalities. Snow removal expense is, as anticipated, in excess of budget. We are hoping for a quiet autumn/winter but we have already had the equipment out on snow and ice control in October. County Aid Road Construction expenses exceed budget but those monies are, for the most part, recovered after invoicing.

### Other

Caity Carmody, Department Accounting Technician, wrapped up a productive term as President of the CHEMS Board. The CHEMS Board oversees our cost accounting program, CHEMSPRO, as well as leading the charge in coordinating the Annual CHEMS Conference. By all accounts, Caity led a successful effort to put on a very constructive conference in October. She will now serve a term as Past President. We are quite proud of her.

In addition to the CHEMS Conference, Caity has been very busy in helping to put on the recent Winter Tech Talk meeting. This was a joint effort between Wood County, the State, and Mid-State Tech to educate on the latest in snow and ice control; primarily as it relates to salt brine.

# Parks & Forestry Committee Reports

Thursday, November 7, 2019

## Director Report, by Chad Schooley

- Attended October Exec. Comm. meeting to discuss Nepco Solar Project. The project was approved, and installation has begun. The Sustainable and Renewable advisory committee has inquired about hosting a ribbon cutting for the project. I will be working with them on this, and will forward further information as it becomes available.
- Participated and hosted District 3 Ho-Chunk Legislators meeting at Powers Bluff County Park on October 1. James Webster, Executive GM, Ho-Chunk Gaming Nekoosa arranged the meeting. Along with other area projects that were presented, I spoke about the Powers Bluff Development Project.
- MSA has sent over the finalized documents for the Powers Bluff County Park Development Plan: Phase 1. I will put this as an agenda item in December, along with "next steps" for the project.
- FEMA storm damage cleanup and documentation has continued throughout this month. We are hopeful that this will be completed in the near future.
- I was asked to participate in a discussion with a local "dog park advisory committee" regarding what properties are owned by Wood County in the Wisconsin Rapids area. This group formed when the dog park on 17<sup>th</sup> Ave., in Wisconsin Rapids, closed down earlier this year. They are in the very preliminary phases of identifying properties, specifically on the west side, that may be suitable for a dog park. They also plan on meeting with the city of Wisconsin Rapids regarding possible locations.
- I will be meeting with Patrick Gatterman, owner of Northward Peddle and Paddle, at Powers Bluff on 11/1/19. He is interested in providing rental equipment at some point (fat bikes, snowshoes, etc...). If you recall, Northward Peddle and Paddle had two "pop up" rental events this past summer at South Park. This was a great success, and they would like to possibly expand rentals within the parks in future years.
- With the two additional shelter areas planned for completion, and available for use at White Sands beach in 2020, we would like to begin taking reservations. These shelters will be similar to the other open shelters, in that they will be available for the public on a first come basis, unless they are reserved for the day. The serving area will only be available to individuals who rent the western shelter. I would recommend charging \$100/day for the shelter with the serving area, and \$75/day without the serving area. Both would be available from May 1- October 31 for rental, and from 8am -10pm during those dates. There will be picnic table seating for approximately 50 people in both shelters. These shelters will be perfect for smaller events such as birthday parties, family reunions, and graduation parties.
- **October:** 15 shelter reservations
- **Special Use Permits**
  - None at this time

## Construction Supervisor Report, by Dennis Quinnell

### Current Projects

- White Beach Remodel; work continues on kitchen area.
- We are burying the electrical, emergency stop, and communication wires from the top Ski hill operator's booth to the bottom booth, and terminating the wires in the panels.
- Erosion repair is being done on Powers Bluff access roads.
- Powers Bluff old tube tow operator's booth has been removed, and the adjacent loading area has been enlarged for the coming season.
- Because of the lack of quotes, we may be requesting a carryover of 2019 debt service funds to complete the Willow Run vault toilet remodel, and the North Park firewood storage shed projects in 2020. We will continue looking for an available contractor.

### Maintenance Operations

- As of November 1, all campgrounds and day use areas are closed for the season except for Dexter's third loop, which is open until deer gun season is closed.
- Powers Bluff is starting to be prepped for winter.

### Employee Matters

- All LTE employees are done for the season.

## Office Supervisor Report, by Sandra Green

Deanna Webb recommends  
Wood County Parks & Forestry  
(North Park).

Sep 15 at 8:36 PM

We fell in love with this park! We are tent campers and prefer the non electric sites and being so close to water is a huge plus! The park Ranger is so kind and inviting and keeps this park beautifully kept all season. The wash house is clean and has wonderful showers. The park is huge with tons of recreational areas. We have quickly made one particular site our home away from home and look forward to many more weekends here watching weddings and disc golf tournaments across the river! Wood County, you're doing your parks right!

Commenting as Wood  
County Parks & Forestry  
(North Park)

### Snowmobile / ATV

- Attended the 2<sup>nd</sup> Snowmobile meeting in Milladore.
- Called a landowner to set up a day to meet in regards to a possible bridge replacement on the Kellner Knights trail system.
- Worked with the clubs on how to report storm damage.

### Office

- Attended the monthly HIRC meeting on September 5, 2019 at the ATV Intensive Use Area and recorded minutes.
- Approximately one week, worked on the FEMA reimbursement paperwork.
- We received an amazing compliment that I wanted to share with the committee (see left).
- Attended insurance/health benefits informational class.
- Worked with Paul Bernard to update the ATV Trail/Route Map.
- Working with Marshfield CVB, WI Rapids City Times, Travel Wisconsin, Heart of WI Chamber of Commerce & WI Outdoor News for advertising the Wood County ATV/Trail Route System.
- We have started to receive registrations for our 4<sup>th</sup> Powers Bluff Boutique & Vendor Shopping Event on November 16, 2019. We are about half-full right now.

### **Forest Administrator, by Fritz Schubert**

- Continued working with Peter K. on logger/credit union performance bond recovery/collection.
- Investigated storm damage to forest and snowmobile trails in compartments 57, 65, and 68.
- Checked forest road conditions.
- Patrolled forest for illegal woodcutters.
- Storm damage cleanup on snowmobile trail/compartment 57.
- Karner Blue Butterfly Species and Habitat Conservation Agreement (SHCA); working on draft of new KBB agreement which will be future agenda item.
- Completed maps/reports to receive county forest road state aid payment.
- Hit a deer with new truck. Obtained repair estimate and worked with Terry Stelzer to get it fixed.

## Committee Report

County of Wood

Report of claims for: Highway Department

For the period of: September, 2019

For the range of vouchers: 16192164 - 16192439

## NOTICE OF QUOTES

The Wood County Highway Infrastructure and Recreation Committee will accept sealed quotes only (no faxed quotes accepted) up until 9:00 A.M. (CST) - (WARNING- Mail delivery is after 10:00 A.M.) on Wednesday, November 6<sup>th</sup>, 2019 at the Highway Commissioner's Office, 555 - 17<sup>th</sup> Avenue North, Wisconsin Rapids, WI 54495-1966 for the following:

Two (2) Tandem Axle Rear-Wheel Drive Truck

Specifications, Quoting Procedure and Forms may be had by applying at the above office.

The Committee reserves the right to reject any or all quotes or to accept any quote they deem most advantageous to Wood County.

By Order of the Wood County Highway Infrastructure and Recreation Committee:

A handwritten signature in dark ink, appearing to read 'Joel Ortman', followed by a long horizontal line extending to the right.

Joel Ortman, P.E., Highway Engineer *for*  
Roland Hawk, Wood County Highway Commissioner

# GENERAL QUOTING PROCEDURE

QUOTE OPENING: Wednesday, November 6<sup>th</sup>, 2019, 9:00 AM at the office of the Wood County Highway Commissioner, 555 – 17<sup>th</sup> Avenue North, Wisconsin Rapids WI 54495

To comply with the NOTICE OF QUOTES, the following General Quoting Procedure and Specifications are to govern:

All quotes must be in the Office of the County Highway Commissioner, 555- 17<sup>th</sup> Avenue North, Wisconsin Rapids, WI by 9:00 A.M. (CST), Wednesday, November 6<sup>th</sup>, 2019. Quotes must be sealed and properly identified giving the name and address of the quoter. Each quote must be in a separate container or envelope and marked **QUOTE ON TWO (2) TANDEM-AXLE REAR WHEEL DRIVE TRUCK**. All quotes will be publicly opened and read at the specified time by the County Highway Infrastructure and Recreation Committee or its authorized representatives and only TOTAL quotes will be read.

All quotes must be entered and submitted on the specified form of Proposal prepared by the Highway Commission and only quotes submitted on these forms will be considered for award purposes by the Commissioner. The General Quoting Procedure, Specifications and Proposal shall constitute the quote of each quoter and must be attached in the above order. Quoters shall attach such additional information to their proposal, as they deem advisable and necessary for the benefit of the Committee in assembling comparative specifications.

The Committee reserves the right to consider all proposals for a period not to exceed thirty (30) days from the date of opening. The Committee will either award the contract or reject all quotes within that time. Each quoter will be allowed to have a representative appear before the Committee to explain his quote and specifications of the product as quoted. A time limit for each quoter will be established by the Committee at the day of letting. All quotes are to be NET, FOB WISCONSIN RAPIDS, WISCONSIN.

The Wood County Highway Infrastructure and Recreation Committee reserves the right to reject any or all quotes or parts, thereof, and to WAIVE any technicality in any quote submitted and to make such award as they deem most advantageous to Wood County.

By Order of the Wood County Highway Infrastructure and Recreation Committee:

Joel Ortman, P.E., Highway Engineer *for*  
Roland Hawk, Wood County Highway Commissioner

Rubber floor mat with throw-in floor mats  
Light grey or tan interior  
Inside / Outside air intake w/ in cab control for snow plowing  
Suspended brake and fuel pedal  
Air ride cab

**Frame:**

Single heavy duty, full c-channel  
Factory rated at a minimum of 66,000# G.V.W  
Integral extended mainframe rails of 24" minimum extension  
Clear of all obstacles for mounting underbody scraper along  
With other various snow plow related equipment

**Electrical:**

12 V negative ground  
All circuits protected by circuit breakers  
Minimum 140 amp alternators  
2 heavy-duty group 31 batteries, minimum 1900 CCA, in cab under  
Passenger seat if possible  
Heavy-duty 12 volt starter  
No Multiplex wiring

**Cooling:**

Heavy-duty cooling system with maximum cooling radiator  
All radiator hoses and heater hoses to be silicone

**Transmission:**

Allison automatic MD all-world class 4500 RDS 6-speed electronic  
Transmission temperature gauge and warning light  
Must have PTO provisions on transmission for constant mesh  
on demand hydraulic pump  
Transmission control module mounted in cab  
Transmission Warranty 7 year / 150,000 mile

**Axles:**

20,000# front axle set forward with wet type oil seals  
46,000# rear  
Driver controlled rear locking differential and power divider for  
both axles with indicator on dash  
Rear axle to be geared to have maximum power for plowing at speeds  
of 25-35 MPH in one gear at maximum torque with a maximum high  
gear road speed of 70 MPH. Max high gear road speed determined  
by engine governed rpm, transmission and differential gear ratio. Not  
by electronic means.

**Suspension:**

Front - Heavy duty 23,000# multi leaf  
Rear - 46,000# minimum. Hendrickson or equal air  
Ride suspension with shock. Dual level control valves.

**Brakes:**

15.5 CFM minimum air compressor with Bendix AD-9 heated air dryer  
Front brakes – air s-cam 16.5" x 6"  
Rear brakes – air s-cam 16." X 7"  
Type 30/30 ear service emergency brake chambers to be rear mounted  
with meritor automatic slack adjusters with all necessary dust shields

**Power Steering:**

Dual power steering gears with gear driven pump

**Wheels / Rims:**

8 heavy duty, 8000# 5 hole, 10 stud, hub piloted steel type  
22.5" x 8.25" on rear  
2 heavy duty, 11,500# 5 hole, 10 stud, hub piloted steel type  
22.5" x 12.25" on front

**Tires:**

2 front 425 65/22.5 20 ply  
8 rear 11R22.5 16 ply

**Fuel Capacity:**

One 80 gallon aluminum fuel tank with steps and fuel gauge  
sensor mounted on drivers side of vehicle  
Tank shall be mounted as high and as far to the front of the vehicle  
as possible to allow maximum clearance for reversing underbody scraper  
Tank shall not extend beyond back of cab more than 6" and minimum  
ground clearance of 19"  
DEF tank to be mounted in front of fuel tank as far forward as possible

**Paint:**

Durable acrylic or urethane enamel in Omaha Orange or Highway  
orange in color  
Flat black paint on hood top

**Lights:**

All state and federal approved standard lighting

**Wiring:**

Wiring for body company must be to end of frame with vehicle interface  
fuse panel. Wiring and switches for hood-mounted plow lights. Roof  
mounted strobe lights, sander, wing, underbody, lights to be dash mounted  
switches from factory. Must have vehicle electronic speed sensor hooked up in  
cab for hydraulic salter controls.

**Manuals:**

Successful vendor must furnish manufacturer line setting sheets. Truck,  
engine, and transmission part and computer software (CD's),

**Delivery:**

Trucks delivered to Wood County Highway by April 1<sup>st</sup> 2020

## NOTICE OF QUOTES

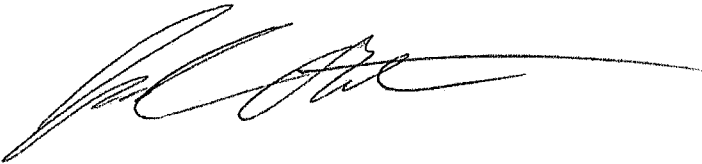

The Wood County Highway Infrastructure and Recreation Committee will accept sealed quotes only (no faxed quotes accepted) up until 9:00 A.M. (CST) - (WARNING- Mail delivery is after 10:00 A.M.) on Wednesday, November 6<sup>th</sup>, 2019 at the Highway Commissioner's Office, 555 - 17<sup>th</sup> Avenue North, Wisconsin Rapids, WI 54495-1966 for the following:

Two (2) Patrol Truck Equipment

Specifications, Quoting Procedure and Forms may be had by applying at the above office.

The Committee reserves the right to reject any or all quotes or to accept any quote they deem most advantageous to Wood County.

By Order of the Wood County Highway Infrastructure and Recreation Committee:

A handwritten signature in black ink, appearing to read 'Joel Ortman', with a long horizontal flourish extending to the right.

Joel Ortman, P.E., Highway Engineer *for*  
Roland Hawk, Wood County Highway Commissioner

# GENERAL QUOTING PROCEDURE

QUOTE OPENING: Wednesday, November 6<sup>th</sup>, 2019, 9:00 AM at the office of the Wood County Highway Commissioner, 555 – 17<sup>th</sup> Avenue North, Wisconsin Rapids WI 54495

To comply with the NOTICE OF QUOTES, the following General Quoting Procedure and Specifications are to govern:

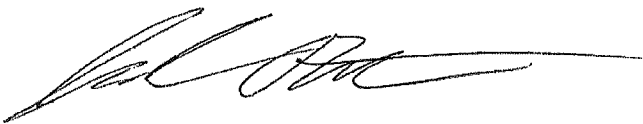

All quotes must be in the Office of the County Highway Commissioner, 555- 17<sup>th</sup> Avenue North, Wisconsin Rapids, WI by 9:00 A.M. (CST), Wednesday, November 6<sup>th</sup>, 2019. Quotes must be sealed and properly identified giving the name and address of the quoter. Each quote must be in a separate container or envelope and marked **QUOTE ON TWO (2) PATROL TRUCK EQUIPMENT**. All quotes will be publicly opened and read at the specified time by the County Highway Infrastructure and Recreation Committee or its authorized representatives and only TOTAL quotes will be read.

All quotes must be entered and submitted on the specified form of Proposal prepared by the Highway Commission and only quotes submitted on these forms will be considered for award purposes by the Commissioner. The General Quoting Procedure, Specifications and Proposal shall constitute the quote of each quoter and must be attached in the above order. Quoters shall attach such additional information to their proposal, as they deem advisable and necessary for the benefit of the Committee in assembling comparative specifications.

The Committee reserves the right to consider all proposals for a period not to exceed thirty (30) days from the date of opening. The Committee will either award the contract or reject all quotes within that time. Each quoter will be allowed to have a representative appear before the Committee to explain his quote and specifications of the product as quoted. A time limit for each quoter will be established by the Committee at the day of letting. All quotes are to be NET, FOB WISCONSIN RAPIDS, WISCONSIN.

The Wood County Highway Infrastructure and Recreation Committee reserves the right to reject any or all quotes or parts, thereof, and to WAIVE any technicality in any quote submitted and to make such award as they deem most advantageous to Wood County.

By Order of the Wood County Highway Infrastructure and Recreation Committee:

Joel Ortman, P.E., Highway Engineer *for*  
Roland Hawk, Wood County Highway Commissioner

**Request for Quotation:  
Two (2) Patrol Truck Equipment Specifications**

**Wood County 2019 Patrol Truck Equipment Minimum Specification**

<b><u>Description</u></b>	<b><u>Meets Specifications</u></b>		
	<b><u>Yes</u></b>	<b><u>No</u></b>	<b><u>Deviations</u></b>
<b><u>Stainless Steel Dump Body</u></b>			
16' long x 84" ID, 96" OD wide	_____	_____	_____
7 gauge 201 stainless rear corner posts	_____	_____	_____
<b><u>Sides and Front:</u></b>			
48" front head sheet			
Pressed in horizontal "V" brace on front bulkhead	_____	_____	_____
Smooth Sides Sloped from 48" front to rear	_____	_____	_____
Struck Sides – No Board Pockets	_____	_____	_____
Single Horizontal Side brace	_____	_____	_____
45 degree sloped rub rails	_____	_____	_____
Dirt shedding rear corner posts, dirt shedding sloped top	_____	_____	_____
Four bend dirt shedding top rail (no add on angle iron)	_____	_____	_____
7 gauge 201 stainless steal	_____	_____	_____
<b><u>Tailgate:</u></b>			
56" high tailgate			
2.5" thick tubular outer perimeter	_____	_____	_____
7 gauge 201 stainless single panel	_____	_____	_____
Integral dirt shedding peaked top and all braces to be dirt shedding	_____	_____	_____
1.25" thick upper tailgate hinges with 1.5" grease able pins	_____	_____	_____
1" thick flame cut lower latch fingers	_____	_____	_____
3.5" closed/closed air trip tailgate release cylinder	_____	_____	_____
3/8" high tensile spreader chains	_____	_____	_____
D-ring mounted inside top of tailgate	_____	_____	_____
<b><u>Floor and Understructure:</u></b>			
8" side to floor and front to floor radius for easy clean out	_____	_____	_____
Crossmemberless Understructure	_____	_____	_____
11" I-beam longitudinal, 100% welded	_____	_____	_____
3/16" stainless steel floor	_____	_____	_____
<b><u>Cabshield:</u></b>			
Shall extend a minimum of 20" forward of front bulkhead	_____	_____	_____
78" wide	_____	_____	_____
<b><u>Miscellaneous:</u></b>			
Cougar DC-3200 electric box vibrator	_____	_____	_____
Ladder mounted at Front and Rear on Driver's side of Body	_____	_____	_____
(4) Fork and ring shovel holder mounted on front bulkhead	_____	_____	_____
Plastic Minimizer tandem axle fenders on drive tires	_____	_____	_____

**Hoist:**

Trunnion Mounted telescopic hoist  
NTEA class 60  
OSHA approved body safety props  
Body up light switch and 97Db electric back up alarm

**Hitch:**

PH30 Pintle on 1" plate with safety chain D-rings  
7-Round trailer plug  
Electric trailer brake controller

**Truck Portion Plow Hitch:**

Lift arm shall be of a flat folding design  
Receiver to allow the hook up of a loop style hitch  
4" X 10" double acting lift cylinder  
Bolted on to allow Summer time removal  
Painted or Powder coated black

**12' Straight Reversible Plow**

12' full trip power reversible  
100% welded construction throughout  
10 gauge smooth rolled moldboard  
Bottom angle to have 11/16" punched holes to match cutting edge  
Cutting edge shall be 3/4" x 8" blade  
Two Compression Spring trip assemblies  
Two 4" X 10" double acting reverse cylinders with 2" rods  
Hoses are 1/2" ID rated at 3000 psi working and 12000 psi burst pressures  
12" rubber snow deflector with metal mounting strap bolted to top angle  
Screw adjustable parking jack  
QCP Weld on loop Hitch – Plow Portion  
The entire plow assembly shall be shotblasted to remove scale, rust, etc.  
Painted or Powder Coated, Moldboard Omaha Orange/Frame Black

**(2) 8' Rear Mount Patrol Wing**

Right hand and left hand side  
Double function design  
All welds to be 100% continuous welds  
Break formed tapered moldboard 3/16" thick  
Moldboard height; 29"  
3/4" x 8" x 8' cutting edge  
2 1/2" X 1" formed channel top angle  
6 vertical 1/2" thick one piece tapered ribs  
Single rear push arm  
Wing post shall be "Post-less" Design  
Shall allow the toe of the wing moldboard to float freely over rough roads  
and road shoulders, thus reducing potential damage  
Bolt on head to allow removal in summer time  
Heavy duty rear wing stop with rubber block  
The entire wing assembly shall be shot blasted to remove scale, rust, etc.  
Paint or Powder Coat – Moldboard Omaha Orange / Frame Black

### **11' Reversible Underbody Scraper**

Scraper shall be extra heavy duty for year round use, capable of handling snow pack, ice, and a higher volume of snow at various speeds in the winter season, and be able to do gravel road maintenance and shoulder maintenance throughout the year

The moldboard shall be 1" thick x 15" in height x 11' in length

The cutting edge shall be ½" x 6" AASHO, top punch, double beveled

The hanger brackets shall be one piece, ¾" thick plate

The moldboard actuation will be accomplished by (2) 3.5"x10" double acting cylinders with 2" nitrated piston rods

The reversing table shall be a 1" solid one-piece circle

Reversing will be accomplished with two 4" double acting cylinders

A cross over relief valve shall be furnished

The cylinder rods shall be 2" in diameter with nitrated finish

The cylinders will be mounted with 2" pivot pins

Complete scraper to be shot blasted prior to paint finish

Paint or powder coat Black

_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____

### **Tailgate Spreader**

#### **Trough Assembly:**

Minimum 7 gauge 304 stainless steel construction

Quick detach mounting brackets incorporated into endplates with mating portion bolted to body corner posts

Full opening top and bottom clean out with hinged upper lid and hinged lower trough

_____	_____	_____
_____	_____	_____
_____	_____	_____

#### **Auger:**

9" diameter with both way flighting

4" spacing on Auger Flighting for use with salt

Auger to be driven by Direct drive motor

Speed sensor for Force America Spreader Control

_____	_____	_____
_____	_____	_____
_____	_____	_____

#### **Spinner Assembly:**

Left side and right side spinners

Easy one man mount/dismount design

18" diameter poly spinner disc directly driven by hydraulic motor

Spinner shall have wrap around shield

_____	_____	_____
_____	_____	_____
_____	_____	_____

#### **Tailgate Shields:**

Custom stainless steel tailgate to be used during the winter to accommodate the brine slurry pump. Will have side shields incorporated for a complete enclosure

_____	_____	_____
-------	-------	-------

#### **Liquid Pre-Wet System:**

(2) Prewet spray tips at each spinner

(1) Full length spray bar across back of truck

(2) small spray bar one on drivers side and one on passengers side the can be swiveled

_____	_____	_____
_____	_____	_____
_____	_____	_____

## **Central Hydraulic System**

The hydraulic system will be a transmission mount load-sense system.

### **Pump:**

Pump shall be a pressure compensated piston pump with minimum 5.6 cubic inch displacement

Pump shall be Force America TXV92

The pump shall be direct mounted to constant mesh PTO mounted on Allison Automatic Transmission

### **Oil Reservoir:**

The oil reservoir shall be minimum 30 gallon capacity with internal baffles and shall include a basket type filler breather cap, magnetic drain plug, 2" NPT suction port with screen filter, and an external sight temperature gauge

Oil Tank must be constructed of Stainless Steel

Oil Tank designed to mount ahead of the body behind the cab

Auto sensing low oil level and high temperature sensor shall be installed

In the hydraulic reservoir, with a warning light and audible alarm in the

Cab. Included electronic shutoff valve in the discharge hose at the

Pump to work in conjunction with the low oil level sensor in the

Hydraulic reservoir with an override switch installed.

### **Valving:**

The hydraulic control valve shall be U.S. manufactured electrically activated load-sensing valve assembly

The valve shall be a manifold design

The valve shall be mounted in a weatherproof stainless steel enclosure

Mounted on the frame

Valving required; Double acting hoist with down side relief (40 gpm),

double acting plow raise with power float(21 gpm),

double acting plow angle (21gpm),

double acting R wing heel w/ pressure limiter(21 gpm)

double acting R wing toe w/ counter balanced lock valve(21gpm),

double acting L wing heel w/ pressure limiter(21 gpm)

double acting L wing toe w/ counter balanced lock valve(21 gpm),

double acting scraper curl with relief and down pressure limiter (21 gpm),

double acting scraper angle (21 gpm),

reversible auger (14gpm),

left and right spinner (7gpm)

liquid (7 gpm)

All connectors inside the hydraulic valve/electronic control junction box will be supplied integral with the control system

The connectors will be weather tight Hirschman connector

All connections will be labeled with appropriate descriptions for each connection to individual solenoids of the hydraulic actuating cyl

**Hydraulic Control:**

Electric Joystick controls for all Hydraulic functions  
Joysticks shall have **proportional** capability  
Force America Patrol Commander Ultra

**Electronic Spreader and Pre-wet:**

Must Be Force America 6100 spreader control  
Wireless road and air temperature sensor  
Three cameras to be displayed on spreader screen

**Prewet/Anti-ice Power unit and plumbing:**

VariTech Industries 0-50 gpm slurry Power unit for anti-ice and prewet  
Single hydraulic motor, liquid pump and flow meter  
5 electric ball valves to control flow to prewet left, prewet right, left bar  
center bar, or right bar as controlled by 6100 controller  
Nozzles to spray prewet at the spinner, left and right side  
Stainless 1-1/2" spray bar for center lane to have 10 tips at 10" spacing  
Stainless 1-1/2" spray bar for left side centerline and right side center line  
to be have 7 tips at 3" spacing  
Spray bar tips to be stainless steel size 0060 mounted in plastic ball  
swivel clip on mounts  
Provide hoses to connect valves to spray bars / nozzles and suction  
with manual shutoff  
Wood County will provide a poly wedge style tank to fit in box

**Hoses and Fittings:**

Hoses must be sized accordingly to provide optimum performance of all  
hydraulic equipment. JIC and ORB fittings required.  
Stainless Steel Hydraulic lines ran to back of truck for spreader and front  
for the plow  
All quick couplers for plow, wing & spreader system must have dust caps  
for protection.  
Quick coupling system for plow angle that will allow operator to remove  
increased hydraulic pressure from both truck side plow side easily

**Lighting and Electrical:**

All wiring is soldered, heat shrunk and in protective loom  
Junction box must be mounted to crossmember at rear easily accessible  
All FMVSS 108 lighting to be L.E.D  
Stop/turn/tail lights mounted in rear pillar of dump body  
Backup lights mounted in rear pillar of dump body  
Truck Light LED plow lights #80990 mounted with s/s brackets  
(1) Clear LED work light for wing  
(2) Clear LED work lights for scraper  
(2) Amber LED work light for spinners  
(2) Federal LED Highlighter strobes mounted to cab shield of box  
Federal LED self-contained strobes mounted in rear pillar of dump body  
2 cameras mounted on back of back for backing up and 1 camera mounted  
to see into the box with a screen in the cab

**Notes:**

Winning bidder will provide CAD drawing of all snow and ice Equipment. This will show an engineered weight and balance Diagram to verify the truck is not overloaded

\_\_\_\_\_

**Manuals:**

Parts and service manuals for all items shall be provided in bound book upon delivery of the completed unit. Two complete lists of part numbers of items used in building the truck will be included

\_\_\_\_\_

**Warranty:**

Mimimum One full winter season parts and labor on all equipment  
Warranty statements must be included with quotations
