OFFICE OF CORONER

David A. Patton

DATE: 02/04/2022
TO: Wood County Public Safety Committee
FROM: David A. Patton, Wood County Coroner
SUBJECT: Monthly Activity Report for January 2022

The following is a list of services rendered by the Wood County Coroner's Office for: January 2022

Deaths in Wood County.....	131
Calls for Service.....	134

Natural.....	35
Falls.....	3

(1 fall resulted in the decedent developing inanitia/failure to thrive, 1 resulted in a closed head injury with traumatic brain injury and the last was a fall in a garage where the individual couldn't get up and into the house, eventually succumbing due to hypothermia)

Covid.....	31
------------	----

(13 were Wood County residents)

Traffic Fatalities.....	0
UTV/ATV/Snowmobile.....	0
Suicides.....	0
Homicides.....	0
Suspected Overdoses.....	1
Other.....	0
Pending.....	0

Death Certificates Signed.....	70
Cremation Permits Signed.....	93
Autopsies Performed.....	0

Remarks:

The number of deaths handled by the coroner's office were down from the month of December. This was due to the decrease in the number of Covid-19 related deaths. Despite this, the overall deaths are still higher than

normal as compared to previous months as we are still experiencing Covid related deaths.

The number of cremation permits issued is still higher than what was previously the norm. I believe this will remain the norm for the future due to the fact more people are choosing cremation as a final means of disposition.

Even with the lower numbers, I am still looking to add 1 or 2 more deputy coroners to our department to help offset the limited availability of the current deputies. I am currently working with Human Resources to achieve this goal.

Lastly, the van from the Sheriff's Department has officially been transferred to the coroner's office for our use. A huge thank you to all that were involved in making this happen! I greatly appreciate it.

Respectfully Submitted,

David A. Patton
Wood County Coroner

12-28,29; WR21217 A women was bit by her boyfriends Lab-Pitbull mix dog @ 700 block of 25th Street North, WR. The Lab-Pitbull mix attacked the victims Yorki, the victim was trying to protect her dog by breaking up the dog fight when she was bit by the Lab-Pitbull on both her hands requiring medical attention. The Yorki received veterinarian treatment for a concussion, and puncture wounds to the top of the dog's head, neck and eye area. The Lab-Pitbul mix was taken to the Humane Society for Quarantine. 14, 22

1-1; WC14294 Animal mistreatment along with other concerns. Open Case. 10

1-2,3; WR52 Two dogs left outside for 4 ½ hours without shelter, food or water @ 1400 block of Baker Street. They were clearly in distress with cold paws, one had blood on the paws and limping. One dog was loose, the other tied up. No one answered the door at the residence so the dogs were taken to the Humane Society for their own safety. The following day I made contact with the owners. The boyfriend stated he drove his girlfriend to work about 9:30am on January 2nd and had let the dogs outside when he returned. He stated he forgot about the dogs and went back to bed. In the future, they are to stay by the door until the dogs are done going potty and let them right back in in inclement weather. They are also to tie up both dogs when outside, obtain Rabies Vaccinations and licensing. 14,14

1-4; WR194 A victim was bit by her own dog on the arm @ 500 block of 25th Street North, WR. The owner stated that she reached towards her dog and without provocation her American Bull Dog bit her arm multiple times until she got a good hold on her owner's arm and didn't let go, the dog then dragged the owner to the ground. a The victim/owner had several bite marks to her arm. She received medical attention for the puncture wounds including a tetanus shot and antibiotics. The American Bull Dog was trained by her ex boyfriend to do 'Bite Work' meaning bite shirt sleeves/arms. 16

1-5,8 WC12 The owner of two Great Danes believes that the neighbor may have thrown 'tainted meat' over the fence and poisoned his dogs. This case remains open. 8,0

1-5; WR193 The dog bite victim is a friend of the dog's owner. She was bit on her arm causing puncture wounds. She was treated with antibiotics. The dog was taken to the Humane Society for Quarantine. 14

1-6,7; WR130 A dog from 2400 block of Lincoln Street bit a Domino's Pizza Delivery person on his right thigh. When the owner opened her door for delivery she stated her Lab-Bull dog mix ran past her and bit the victim. The victim choose not to receive medical attention. 12,12

1-9; Reports

1-9,10; WR438 Dog bite happened @ 100 block of 5th Street North when a 7 month old Great Pyrenees bit the victim on her right forearm. The dog belongs to the victim's daughter, but the dog's been staying with the victim due to the puppy being aggressive for some time. The victim is the original owner of the puppy and owns both parent dogs. 14,0

1-9; WR130 Follow up needed on proper confinement of a dog that bit. 12

1-10; Public Safety Meeting 14

1-11,12; WR651 The owner of a orange & white male cat was bit on her lower right leg @ 1700 block of 2nd Ave. S. . She's been trying to re-home the cat as it started biting her last summer, in spite of owning the cat for several years prior without an issue. I suggested she ask her veterinarian in case the cat has some underlying health concerns making him aggressive. Follow up to be sure she did not get rid of the cat prior to the ten day quarantine. 18,0

1-12; WR52 Welfare check on dogs that the owner's boyfriend leaves outside in inclement weather while the girlfriend is gone at work. 14

1-13; WC18780 Delivered an Order of Abatement to the 6600 block of Highway 80, the suspect is flagged "2 Deputy Call - does not like law enforcement", so I met a deputy there. 64

1-14,15; WC20613 Attempted to issue an Order of Abatement, suspect no longer at home address and dispatch doesn't have a different address than I do. He was also not out at the farm where he keeps his cattle.48,48

1-16; PE73 The family cat bit the victim on his left hand. The victim went to the ER for medical treatment. 20

1-17; I put together a folder of forms I printed off such as Order of Abatement's, surrender forms, some examples of forms filled out already that the newly hired Humane Officer can follow including bite control reports. I also printed off the 2022 updated state statutes, etc. 0

1-18,20; WR888 The landlord was bit by her renter's 1 year Great Dane @ 300 block of 12th St S. When the owner of the one year old male dog open the door, the dog pushed the screen door open, went outside and bit the victim on the inside of her right knee area. The victim received 5 stitches at the clinic. The owner of the dog was going to re-home him in a couple days, I told her she can't re-home him until after the 10 day quarantine period is up. Follow up on the quarantine needed as she did not want to keep the dog for the full ten days. 16, 16

1-19,20; NK116 I was called out to the 100 block of Ward Street, Nekoosa for the welfare check of 3 dogs that were loose for several hours with temperature less than 9 degrees, the owners did not report the dogs missing. The dogs were found after dark about a half mile away down the highway when a

patron of a local bar reported finding the 3 dogs. One dog had bleeding paws, a likely sign of some degree of frostbite. I met with the owner that night but he refused to talk to me; I had an Officer come with me as he is not 'officer friendly'. I came back the next day and this time the father of the dog's owner talked with me. He stated that he was the caregiver of the dogs when they ran off and that this has happened before due to a 2-year child in the house opening up the sliding patio door and the dogs run out. We talked about how to keep the child from pushing open the sliding door by wedging a 2x4 block of wood on the slider. We also discussed installing locks up high. We discussed letting only one dog out at a time and tethering the dogs, but not for long periods of time due to the weather. And discussed that they need to call and report their dogs when missing. 16,16

1-20; Received notice from an Attorney that an Order of Abatement I recently issued is being appealed. I put together a report and made contact with Corporation Counsel who will be representing the County at this Hearing I will be attending which is being held February 1st. 0

1-21; Met with the newly hired Humane Officer and I advised her to track all of her training hours so she gets paid for that time; whether it is meeting with me one-on-one going over forms/laws; or going out on actual calls with me, or watching the list of training video's that Kim from Human Resources directed she view last week - which included videos of how to catch dogs and cats. Though we don't ever catch/pick up animals. And for her to keep track of all mileage as well so she is reimbursed.

I supplied her with several forms that focus on tasks and goals related to the position. We did a general overview of the state statutes, learning these laws is a detailed process that will take time in understanding and applying. We went over Order of Abatement's, including one I recently issued that is currently being appealed. We discussed the Rabies Control Program and quarantine. I supplied her with the list of townships we each will be covering, which is the same exact list Dispatched used when we had two humane officers in the past. I suggested she go over the state statues at home and look up related case law, court opinions and decisions. I don't want to overwhelm her with a lot of new information at one time. We will be meeting again next week, working around her schedule with her other job and children. 14

1-23; Reports

1-24,31; WC1453 The victim of a dog bite was walking on the 10400 block of Robin Road in the Town of Lincoln when he was bit on the back of his right knee causing 4 puncture wounds. This bite happened the day before being reported. The dog is a German Shepherd and had crossed the road to attack his victim. The owner is advised that when the dog is outside unattended that the dog shall wear a cage-muzzle. 84,0

1-24,25; WC1457 I put a 'hold' on a stray dog that came in from highway 186 near Auburndale that was thin, and very matted to the point of the ring of the dog's collar was embedded and had to be carefully shaved and cut away to remove the collar. The owner was located and said the 8 year old dog had been missing 2 days. The weather during that time had a low of -2 to -8 degrees. The dog was 8 miles from home and had crossed highway 10. I released the older dog to it's owner and had the owner, with conditions, set up a veterinarian appointment and a grooming appointment. 22,0

1-25,29; WC20613 Attempted to issue an Order of Abatement, suspect no longer at home address and dispatch doesn't have a different address than I do. He was also not out at the farm where he keeps his cattle.48,48

1-26; WC1614 The owner of two dogs was bit @ 5900 block of 5th Ave. Rudolph, while breaking up a fight between her two dog. The dog that bit her was a Beagle, the victim was treated at Riverview ER. 26

1-26,27,2-1; WR1169 The complaint was of an open front door and a dog that was chasing people as they went past the residence @ 1300 block of Woodbine Street, WR. An officer went to the residence and he was charged by the dog. A family member was located and did put the dog back in the house. The officer stated that his opinion is that the dog is aggressive to the point that it is a danger to anybody that comes in contact with it and should be handled appropriately. I along with the new humane officer went to the residence on three occasions. The first time I was able to make phone contact with the owner. The owner stated that this dog has bit 11 people and that she'd put the dog down but couldn't afford to. I told her that I'd see what I could do about getting the dog put down and would get back to her and asked her to please answer the phone when I call her again, she stated she would. I contacted Corporation Council and the City of Wisconsin Rapids Attorney regarding the Cities Dangerous dog ordinance. From my research the following day I learned that this dog, a 'Cane Corso' has been declared Dangerous with the City of Wausau in 2018. I relayed this information to the City Attorney. I contacted a Lieutenant with the City and explained about the dog being dangerous and that I have been unsuccessful in making contact with the owner other than the one time, he said he'd call Dispatch and have that warning on record that a dangerous dog lives at that address. We are trying to make contact with the owner of this dog and work with the City to proceed with Impoundment. Open Case. 16,16,0

1-30,31; WC1867 The owner of a cat was bit when he was petting his cat @ 1100 block of County Road G. 24,24

1-27, 2-1; WC18040 Prepared for and attended an Abatement Hearing with Corporation Counsel regarding welfare of farm animals. An inspection of the property is set for February 7th. 0, 12

2-1,2,4; WC1937 Report of hording, fleas and sanitation issues with cats, dogs, a hedgehog, rats and a Ball Python in the upstairs apartment of a duplex in the town of Rudolph. The out of town complainant had adopted two cats from this place that had fleas, tapeworms and was concerned of the living conditions of this home. No one was home the first time myself and the new Humane Officer went to the upstairs apartment. The second time we tried to make contact I knocked on the downstairs apartment door to inquire if she knew a good time the upstairs resident is home. In speaking with the downstairs neighbor it became clear that the complaint was about her, and not the upstairs resident. Both downstairs owners of the animals let us in the home. The smell of urine was strong, the cages were filthy, hording conditions throughout the home and there was fleas. Also there was a teenager and a baby living in the home. The owners set up a vet appointment for the following Monday and a re inspection would be needed. The urine was very strong and I had a hard time breathing, and that would last for a couple days.

I contacted Human Services and Environmental Health. I later contacted Dispatch to give them the correct apartment number and correct names for their records. Soon after hanging up with Dispatch, they called back and asked if we'd been in that house yet, I stated that yes, we had. Dispatch stated that not to go back without a couple of deputies as there is a caution on this address and that one of the adults living at the home has outstanding warrants, a pistol and a record of strangulation, battery, disorderly conduct, etc.

Not knowing what you're walking into such as being sent, without safety gear, to homes where you don't know that a known dangerous person resides has happened many times over my 14 years.

I called back to Human Services and Environmental Health and informed them to not go to the residence without Deputies.

Human Services and the new humane officer and myself met with deputies on February 4th we met down the road from the residence and the three deputies went up to the residence first in an attempt to make contact with the renters. They would not come to the door. Case Open. 12,24,24

2-5; WR1730 Hording, sanitation, fleas, mistreatment, strong urine smell @ 400 block of 10th Ave. North, WR. Feces a few inches deep throughout the home. Two of the three dogs were missing their hair and had small red sores covering their bare skin either due to the fleas or mange. I first issued an impoundment form for the dogs. The owner agreed to surrender them instead. The granddaughter who lived upstairs also surrendered her three cats. The owner of the dogs needs help for his own well being. Human Services and Environmental Health will be contacted Monday. 20

WOOD COUNTY SHERIFF'S DEPARTMENT

NEWS RELEASE

January 6, 2022

On December 21, 2021 the Wood County Sheriff's Department responded to the Village of Hewitt, Wisconsin for a report of a deceased 22 year old female. Initial investigation by the Wood County Sheriff's Department showed that the female likely died of a drug overdose. A forensic autopsy of the female was completed on December 22, 2021 which indicated a suspected overdose. The Wood County Sheriff's Department is waiting for the final autopsy report from the UW Hospital in Madison, Wisconsin.

On December 22, 2021 the Wood County Sheriff's Department executed multiple search warrants, and interviewed multiple individuals who are connected to the death of this female subject. On December 22, 2021 the Wood County Sheriff's Department took into custody a male subject from Wisconsin Rapids who provided the deceased female the drugs that likely caused her death.

Luis A. Reyes (26 year old male) is being held at the Wood County Jail in connection with the death of this 22 year old female. Investigators from the Wood County Sheriff's Department will be requesting a charge of First Degree Reckless Homicide, along with other drug related charges to the Wood County District Attorney's Office.

Luis A. Reyes

Our Investigative Team did an outstanding job with this case. Within 24 hours of the reported overdose, the suspect, Luis Reyes, was identified, located, and taken into custody.

The Wood County Sheriff's Department takes a strong stance against individuals who sell or distribute controlled substances in our community and will continue to work diligently to keep these types of dangerous drugs off the streets of Central Wisconsin.

TRAINING (MONTHLY) –

The Wood County K9's trained with Wisconsin Rapids Police Department and Marshfield Police Department in January. Main focus this month was narcotic detection. Training was conducted inside school, outside at towing company, inside warehouse, and also at public works building. Members of the Wood County K9 also assisted Nekoosa Police Department with a search warrant, but no K9's were deployed for this incident.

TRAINING (INDIVIDUAL) –

- Sergeant B. Christianson/Ace conducted three training exercises while on-duty. Two exercises were narcotic detection, and the other was a track. No issues were observed while training.

Security Services January 2022 Report

For the month of January 2022, the total number of prohibited items prevented from entering the Courthouse are:

Guns -	1
Knives -	82
O.C. -	6
Misc. Items -	2

The miscellaneous items that were located were a paint scrapper and a pick tool. The individual with the gun came in, looked at the scanning equipment and then left. She stated that she was carrying a cancelled firearm and remembered about it when she seen the screening equipment. A check was completed on the individual and she did have a permit.

Security Services screened 6,923 people entering the courthouse for the month. Security Services had 39 security requests from different departments within the Courthouse for the month. There were two jury trials this month and security handed out 17 masks to individuals that requested them.

On January 17th a male subject became disorderly by yelling and swearing in Child Support. Security Services was called and the subject was removed without incident. On the 25th a female subject came into the courthouse and informed Security that she was just involved in a Hit and Run accident by the hospital and the person that hit her came just walked into the courthouse. We talked to the individuals involved and handed it all over to Rapids PD. Security Services found a wallet on January 26th and was able to return the wallet to the owner with nothing missing. We also took a female into custody that had four warrants for her arrest.

During the Month of January, I utilize part-time employees for 29.5 hours to fill employee shortage hours.
